

CURRENT WORKING AREA IN THE EAST COAST REGION

ISSUE 40 - CORRECT AS OF 31/07/2022

DRAWN BY: KO'S
CHECKED BY: LA

-  CURRENT WORKING AREA
-  THE CROWN ESTATE AGREEMENT AREA

The Current Working Area defines the area available to be dredged at any one time. While under normal circumstances this is defined by the limits of the licence, zoning scheme (introduced either as licence conditions or as voluntary initiatives by licensees) can significantly reduce this area. The limits of the Current Working Areas defined on this chart are monitored through the analysis of Electronic Monitoring System data.

Any changes to the Working Areas presented on this chart after the issue date are the responsibility of individual licensees, as bound by specific licence conditions or agreed arrangements.

Exclusion zones for the purpose of protecting minimum resource depths, charted wrecks, cables etc may exist within the Working Areas, but are not shown as their complex boundaries cannot be clearly represented on charts of this scale.

SCALE : 1:280,000
NOTE: NOT TO BE USED FOR NAVIGATION

Issue 40: Current Working Areas - East Coast Region, 31/07/2022

All co-ordinates WGS84 in Degrees, Decimal Minutes
Working Areas modified since last issue are highlighted in red
